After I played League of Legends game with friends that night, I was very sleepy that night and I accidentally read an article on vice.com.

sleepy

I thought that this website was safe, but after scanning the subdomains with crt.sh, I found something interesting in one of the subdomains!

I found the same case <https://github.com/EdOverflow/can-i-take-over-xyz/issues/37>.  
I Decided to try it !

**IT WORKS!**

I immediately reported it to the vice media and was awarded the Hall of Fame which you can see at <https://www.vice.com/en/page/vice-responsible-disclosure-policy>.
